the opening of the first commercial theatre in london in 1579 initiated a pattern of development that radically reshaped representation the competition among theatres required the constant production of new works creating an interplay between the innovations of producers and the rapidly changing perceptions of audiences the result was a process of incremental change that redefined perceptions of time action and identity aristotle in the poetics contrasted a similar set of formal developments to the earlier system of the epics which like many predecessors of early modern drama had emerged from largely oral traditions located in the context of contemporary relations between the academy and indigenous communities time and causality in early modern drama plotting revenge traces these developments through changes in the revenge tragedy form and questions our abilities habituated to literacy to fully understand or appreciate the complexity and operations of oral systems the open access version of this book available at taylorfrancis com has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

the term soft power was coined in 1990 to foreground a capacity in statecraft analogous to military might and economic coercion getting others to want what you want emphasizing the magnetism of values culture and communication this concept promised a future in which cultural institutes development aid public diplomacy and trade policies replaced nuclear standoffs from its origins in an attempt to envision a united states led liberal international order for a post cold war world it soon made its way to the foreign policy toolkits of emerging powers looking to project their own influence this book

is a global comparative history of how soft power came to define the interregnum between the celebration of global capitalism in the 1990s and the recent resurgence of nationalism and authoritarianism it brings together case studies from the european union china brazil turkey and the united states examining the genealogy of soft power in the euro atlantic and its evolution in the hands of other states seeking to counter u s hegemony by nonmilitaristic means contributors detail how global and regional powers created a variety of new ways of conducting foreign policy sometimes to build new solidarities outside western colonial legacies and sometimes with more self interested purposes offering a critical history of soft power as an intellectual project as well as a diplomatic practice soft power internationalism provides new perspectives on the potential and limits of a multilateral liberal global order

this edited book is a collection of essays addressing emerging concerns and pivotal problems about our planet s environment and ecology the contributions gathered here highlight the inter relation of topics and expertise connecting resilience with ecology health biotechnology and generational challenges the book concludes with an ethical analysis of the multiple and over lapping challenges that require urgent attention and long term resolution the book is written for scholars and students in a variety of disciplines and fields that deal with sustainability

the past half century has been one of the most active and provocative periods in the long history of textual criticism in this series of six critical essays that survey theoretical writings in the field since 1950 the eminent textual scholar g thomas tanselle chronicles a significant moment in intellectual history and offers a guide for thinking through the basic issues of textual criticism and scholarly editing in collaboration with harold lee hitchens alfred degrazia frank l esterquest and charles w paape in two volumes parts 1 6
